Summary: This is a Male Reader insert story from Rosario Vampire that I took part in a couple years back. The credit will go to those who took part. But just in case, kids stay away. Love scenes later.

Love with a Succubus

Before we get started, I just want to let you guys know that I do not own this chapter what so ever! This chapter is from and modified to fit in with this website. The Credit goes to a past user from called 2much2do. I hope you like it!

You were a nineteen year old boy named (name). You graduated from your high school as a first year but in your second year, you were transferred to a school called Yokai Academy. The reason being was that your father is the foremost expert on folklore and occult matters at a large university in Japan. You didn't know how well connected he was until he informed you that a good friend of his, the head of Yokai wanted to start an exchange program. He then went on to explain that the school was for monsters learning to live in human society. At first you didn't quite believe him, but then again you knew that your dad has been involved with some strange stuff. After thinking about it you decided that going to a school for monsters might be a once in a life time experience.

And so it was arranged. You had the weirdest bus ride there. The bus driver was really creepy which made you have second thoughts about it, but when you arrived you were greeted by your fathers friend, the Headmaster. He was actually a friendly person when you talked to him. Then he explained not to tell the other students and teachers that you were human and only he and his assistant Ruby would know you weren't a monster. After he finished giving you the guidelines and rules he left you alone in the office with Ruby. When you saw her, you couldn't help but look her up and down checking her out. Ruby caught you looking and she smiled which made you turn beat red and look away.

"So later on would you like me to introduce you to some of your classmates?" she asked you.

"Um sure. That would be cool."

"Good. Meet me at the bell tower in about an hour. I know some people that you should meet. They're in the newspaper club and would just love to meet you."

"Sounds like a plan. I'll see you then."

So here you were walking around what seems to be a normal campus. All the kids you saw as you walked around, looked like any other normal human you would meet at any other school.

"It's hard to believe they are actually monsters," you thought.

You went to a water fountain to get yourself a drink. As you raise your head from the fountain you catch a glimpse at the most beautiful girl you have ever seen. She has bluish hair and her massive breasts are stretching her yellow sweater to the point of almost ripping. She looks over at you staring at her chest and you look up and lock eyes. You both blush.

"Crap not again! If this goes on, I'm gonna be known as a pervert. Anyhoo, who the hell is that?!" I thought liking what you were seeing.

You continued to stare at each other until a little girl in a brown witch hat came up to her and tugged at her arm.

"Come on Kurumu! We're going to be late!" she said.

"OK Yukari. I'm coming," she replied and you watched the girl that was named Kurumu and the girl named Yukari walk away until they disappeared from sight.

"Wow! I hope I have her in one of my classes," I thought to myself. Then I looked up at the clock. It's was nearly time for you to meet Ruby.

"Wait! Oh crap! I better get going. I gotta meet Ruby near the bell tower in twenty minutes!"

You readjusted your bag and headed for the bell tower. As walked to the tower, you felt a slight chill as a cool breeze blows over you, making you realize that fall is almost here. Then a thought crossed your mind. A thought about the girl named Kurumu.

"Wait, if she's a student here then that means she is a monster. I wonder what her true form looks like?"

You tried to picture in your mind what kind of monster she is, but you can't imagine such a beautiful girl being any kind of horrible monster. You also tried to picture what the true forms of the various other students you saw around you as you walked. This much you knew. One of the biggest school rules was to maintain a human appearance no matter what. You're lucky that this school had such a rule or you might be in trouble. You were a human after all. Soon you made it to

the bell tower. You sat on a bench across from the bell tower and waited for Ruby. You didn't have to wait very long when you saw her walking up the sidewalk. She waves at you and you wave back.

"Hey there. Did you wait very long?" she asked me.

"No. Just got here actually."

As she approached you look her up and down again. Ruby noticed this and she looked at you with a teasing grin on her face.

"What's up? Find something you like?" she teased.

"N-no! Nothing. Nothing at all."

You blushed and turned your head to look the other way which made her giggle.

"Crap. Why do I keep doing that and getting caught? I really have got to stop doing that," you scolded yourself.

"Anyway are you ready?"

"Sure, lets go."

The two of you walk back across campus to a small building that looks a little rundown. As you walk into the building and the main room you see four girls sitting around a table along with a guy. As you looked at the girls, you realized that two of them were the ones you saw earlier. Kurumu and Yukari. Then Ruby introduced you to your five classmates.

"Everyone this is (Name). (Name), this is Tsukune, Moka, Kurumu, Yukari, and Mizore," said Ruby.

Everyone responded with a friendly hi or hello. You greeted them back. Although you were a little shy.

"Okay then. I'll leave things in your hands Tsukune. Make sure you show (name) the ropes okay?"

"Don't worry Ruby. You can count on me," said Tsukune.

"Okay then. I'll see you later (name). Have fun.," said Ruby as she left the room. Then Tsukune turned to you and smiled.

"Well then since we're about to start the meeting, why don't you take a seat (name)?"

"Sure."

Tsukune began the meeting and you went to take your seat. But as you were about to pick a place to sit, Yukari grabbed your arm and pulled you down into the chair next to her. Yukari looks at you funny like she was checking you out and scooted closer to you. Kurumu who was sitting on your right, gave Yukari a dirty look and then scooted closer to you as well. You felt a little embarrassed as the rest of the group had now noticed their behavior. Tsukune looked at the three of you at first and then continued talking about newspaper club business like he never saw what happened. You listened for a while,

but you really didn't find that exciting which made you start to zone out. Then you felt something touch your right shin. Startled you looked to see that Kurumu had her shoe right up against your pants leg. You began to feel a tingling in your pants. You slowly glance over to look at Kurumu and she is just sitting there taking notes of the meeting.

"Is she doing this on purpose? Eh. Who cares? Might as well sit back and enjoy it. She is a major hottie after all and it feels good." you thought to yourself.

Just then you felt something rubbing against your left leg. You look over to see that this time, Yukari's shoe is rubbing your shin. Now not only did the tingling feel stronger, but now you had a full blown hard on. You glanced over at Yukari to find that she was looking at you with puppy dog eyes. When she saw you looking at her she gave a you a cute winks which made you blush. Then Kurumu started to rub your right calf which caused you to look over at her. You and her eyes met making you realize she was staring right at you. Your face was now as red as a tomato. You looked towards Moka and Mizore to see if they noticed what was going on, but they were completely oblivious.

"What the hell is going on?! Are these girls flirting with me?!" you thought trying not to make any noise.

Suddenly, you felt Yukari slip her foot up your pants leg which made you freeze. Your erection was now to maximum height. Thankfully you had your chair scooted all the way in so no one saw it. Then felt Kurumu move her foot away. You are a little disappointed, but at the same time you were a little relieved. However that relief was short lived. You heard something drop on the floor under the table and then felt something warm up your right pants leg. Kurumu had taken off one of her shoes and was doing the same thing Yukari was

"Okay. Now I'm getting a little nervous. What's with these two? Never been around girls this aggressive before. Normally a guy would freak about this situation, but who cares? I'm not complaining," you thought to yourself.

Yukari realizing what Kurumu did puffed her cheeks in frustration and took off one of her shoes too. As you sit there having these two girls rubbing your legs with their feet you feel something sliding up between your legs which made you jump slightly. You look up across the table and see the purple haired girl named Mizore, sliding her socked foot up between your legs. All of a sudden you felt your crotch feel really cold which made you shiver. You tried to keep a straight face so Tsukune and Moka wouldn't notice. You looked over at Mizore who was staring at you sucking on her lolly-pop. She pushed down your crotch making you gasp a little. Suddenly Tsukune's voice made everyone jump and stopping the girls from their assault.

"OK! need to go get something from from office. I'll be right back you guys. Moka can you with me and help me out?" he asked.

"Sure thing Tsukune," replied Moka. Then Moka and Tsukune left the room. As soon as they leave the room, the other three sat up gazed grimly at each other with you in the middle.

"Listen girls. Will you two do me a favor and keep your hands..I mean

feet off him? I saw (Name) first!" Said Kurumu.

"You say that with every cute guy that hangs out with us Kurumu!" complained Yukari.

"Yeah. Stop hogging all the guys to yourself," Mizore added.

"Shut it Yukari! And don't get me started with you Mizore! You stepping on his junk and everything! That's just wrong!" countered Kurumu.

"All's fair in love and war. Don't be jealous just because (name) liked my service better. Guys love my services because mine are much better than service from a big boobed bimbo and a little kid," said Mizore with an emotionless yet bragging tone in her voice.

"Say what?!" snapped Kurumu not liking what she was hearing.

"That's crossing the line missy!" growled Yukari.

Then the three began fighting with you in the middle.

"Okay... Normally a guy would be happy that three girls are fighting over him, but I don't think a guy ever expected three monsters fighting over him. This is awesome!" you thought.

Suddenly the door opened startling all of you. You all looked towards the door and in walked a very cute red haired girl. She kind of looked like the girl that left with Ruby named Moka, but she was a little younger. She was the younger sister of Moka, Kokoa Shuzen, but you didn't know this yet. Kokoa looked around at the scene before her and she raised an eyebrow in confusion.

"What..is..going on in here?" she asked a little weirded out by the scene that was before her.

"Um... nothing. We were... just introducing ourselves. This is (name). (Name) this is Kokoa. She is Moka's little sister," said Kurumu awkwardly.

"Umm hi," you said following suit.

You are still feeling overwhelmed and overstimulated. You are surprised you can speak at all.

"Is he a new member of your Newspaper Club?" asked Kokoa.

"Yeah... More or less," said Mizore

"I see. So... what are you doing crowding around him like that?" continued Kokoa.

"Well..." Yukari said about to explain or come up with an excuse. Then an odd looking bat came flying in and landed on her shoulder. He was Kokoa's sidekick, Ko the bat.

"It seems to me that all the girls are making a move on him Ms. Kokoa. And apparently the new guy has some kind of fetish whee." he squeaked.

Normally a guy would deny what Ko said, but you weren't paying attention. You were busy staring at Kokoa. As you were checking her out, you noticed that she is wearing thigh high black socks and personally you liked what you saw.

"Wow. Girls really dress sexy here. I'm starting to like this place more and more!" you thought liking what you seeing.

Then you looked up and you noticed Kokoa looking right at you. She noticed that you were staring at her and she did not like it.

"Hey! What are you looking at you jerk!?" she snapped.

You immediately blushed and looked away trying to pretend that you didn't see anything.

"Um.. Nothing! I wasn't looking at anything!"

"Liar! You were checking me out weren't you!?" Kokoa yelled with anger in her voice.

Before you deny any further or even blink, Kokoa at a lightning speed kicked you in the face sending you flying backwards into the wall behind you. You felt like your nose was broken as well as your head. It wasn't thank goodness, but it sure felt that way. As you start to sit up, you looked to find Kokoa is standing over you. She reached down and grabbed you ruffly by the collar ready to beat you again. The other girls were out of their chairs ready to stop her.

"Kokoa stop it! Calm down!" said Kurumu.

"Please don't hurt him!" cried Mizore.

"Yeah! Take it easy! He didn't mean to stare at you!" added Yukari.

"No way! This punk had the gall to ogle at me! And now he's gonna pay! No monster ogles Kokoa and gets away with it!" said Kokoa with anger in her voice.

She pulled you up closer to her and prepared to punch you while you were dazed and knocked out. The she noticed that your nose is bleeding and there is a little blood on your mouth. She sniffed the blood and immediately looked at you in shock.

"That smell... Hey! You're not monster! You're human!" she gasped.

The other girls gasped in surprise.

"Wait... He's a human?!" said Kurumu in shock.

"You mean like Tsukune? No way!" gasped Yukari.

"It has to be joke right Kokoa?" asked Mizore.

"Like I would joke about something like that! I can smell his blood! His...sweet and delectable blood."

Kokoa being a vampire that she was became drunk from the smell of

your blood. She pulled your limp dazed body close to her, leaned in and licked the blood from your lips and chin. You were still dazed and was unable to pull away. The other three girls are still shocked that you are human and were talking about how a another human was able to get into Yokai so they didn't really pay attention to what Kokoa is doing. Then Kokoa put her mouth to your neck. She opened wide and then sank her sharp fangs into your throat. A sense of pleasure and pain run through you which made you start to get another erection and snapped you out of your daze. You gasp as she starts sucking the blood from your neck. The other three girls finally realize what Kokoa was doing due to you gasp.

"Dah! She's sucking (name)'s blood!" yelled Yukari.

"Yes! Now he'll be like beef jerky!" said Mizore smiling.

"What is your damage?! Stop her before she sucks him dry!" said Kurumu annoyed with Mizore's reaction.

They girls then grab on to her and tried to pull her off of you. However with fresh human blood flowing into her throat, Kokoa didn't even notice their attempt to separate her from her prey. You now were starting to feel weaker and weaker the more Kokoa drank your blood. You raise your hands to try and push her back by pushing against her breasts. You didn't mean to or realize what you are doing. You just want her off of you. As your hands pressed against her breasts, Kokoa's eyes snapped open in surprise. She noticed you touching her breasts and she was pissed. She stopped sucking your blood and pushed you back against the wall very hard, the impact making you once again dazed knocked out. The girls immediately rushed to your side.

"(name) are you okay?" asked Yuakri.

"Geez. That had to hurt." said Mizore.

"Kokoa, what the hell?! You didn't have to go that far!" said Kurumu.

"Screw that! He put his hands on my breasts!" sniffed Kokoa turning her head away.

"He was only trying to push you off before you killed him," said Kurumu.

"Are you taking some perverts side against mine!?" snapped Kokoa.

"Well, you do dress kinda skimpy. He probably couldn't help himself. You are quite cute you know," said Yukari.

"She does have a point there Ms. Kokoa whee," added Ko.

"Shut it Ko! You know what? Whatever! I'm out of here. Just keep your pervert friend away from me or I'll do worse than drink his blood!"

And with that Kokoa left slamming the door behind her, leaving the girls alone with you. Kurumu quickly grabbed your limp body and pulled you to her large bosom trying to wake you up.

"(Name)! Are you alright? Speak to me," said Kurumu gently shaking you.

Suddenly, Yukari grabbed you taking you away from Kurumu.

"Hold on Ms. Cow udders! Haven't you done enough damage? (name) needs a witch to help him right now! Especially since he's a human!"

"Say what?! You're the one that's done enough damage! (name) belongs to me!" said Yukari.

"No way! You're wrong! (name)'s mine!" snapped Kurumu not backing down from Yukari.

Then Mizore grabbed you taking you away from Yukari.

"You're both wrong. If (name) belongs with anyone, it should be me."

All three of the girls entered in some kind of tug of war with you being the rope in a way. You really didn't know what was going on until you began to wake up. You couldn't breathe and you soon found out why. Your face was buried in Kurumu's breasts. You struggled to breathe, but Kurumu wouldn't let you go. Not to mention Yukari and Mizore tugging at your arms didn't make things better. Remember how you were happy when they were fighting over you? Well, you definitely weren't now. Then suddenly, the door swung open and in walks Ruby, Tsukune, and Moka. When they came in they gawked at the scene going on before their eyes. Then Ruby stepped forward and yelled making the girls stop fighting.

"HEY! What is going on in here!?" she yelled.

This made them stop at once.

"Oh...hey guys... How's it going? Hehehe..." said Kurumu sheepishly.

Then Ruby saw how beaten up you were and immediately rushed to your side.

"(name)?! What the heck happened to you?!" Ruby gasped.

"You look hurt." Moka said worriedly.

"It's...a long story," you gasped.

A few moments later, everyone calmed down and then the girls as well as you explained what had happened, including the part about Kokoa drinking your blood. When they finished, Ruby pinched her nose and sighed.

"Good grief. So you not only found out he was a human as well as let Kokoa suck his blood, but you girls practically almost tore him apart all because of some stupid love fight?" asked Ruby slightly annoyed about what she was told.

"Just so you know, I was trying to help him." said Kurumu raising her hand.

"I'm sure you were. Anyway, are you OK (Name)?" she asked you.

"Just a little weak, but I think I'll be OK. Maybe just need a little rest is all," you said.

"Here let me help you up," said Tsukune.

Tsukune put his right hand under your shoulder and lifted you up on one side of you and Moka helped you with your other side.

"I'm so very sorry about my sister (Name). She's a bit of a wild person. I'll make sure I'll talk to her so she doesn't do this again," apologized Moka.

"Thanks."

"Now then. We're going to take (Name) back to his dorm room. You three clean up and we will meet back here same time tomorrow," said Ruby.

The three weren't happy about cleaning up the mess, but they listened. Then Tsukune, Moka and Ruby helped you back to your dorm room. Meanwhile a certain vampire was watching from around the corner. Ko peeked out from her shoulder curious to know what she was up to.

"Ms. Kokoa, what are you doing whee?" he asked.

"Isn't it obvious? I'm letting them lead me to his dorm room so I can suck more of his blood," Kokoa replied.

"Um Ms. Kokoa, I don't know about this whee. Wouldn't we get into trouble whee?" Ko asked again worried.

"Who cares? His blood is the tastiest I have ever had and I have got to get more. And I'm gonna follow them till I know where that human's staying. And once I get him while he's alone, I'll help myself to all the blood I want!" smiled Kokoa with a look of determination on her face.

With her licking her red lips and her eyes shinning bright red in the dark hallway, she watched as you, Tsukeun, Moka, and Ruby leave the building. She followed close behind making sure she wasn't seen.

"I will make you mine (Name) and no one can stop me."

End
file.
